

About Us

We started with one promise: water you can trust. Our packaged drinking water is purified in small, carefully controlled batches, then packed to lock in crisp taste. From home to office to on-the-go, we make clean hydration easy.

**Crystal-Clear
Hydration,
Anytime**

**Bottled with
care,
guaranteed
safe and fresh.**

Drawn from deep, protected aquifers, CLEARON water undergoes a rigorous 7-stage purification process to ensure the highest quality and purity for your family. Our 7-Stage Purification Process:

- **Sand Filtration** – removes sediments and large particles
- **Carbon Filtration** – eliminates chlorine and organic impurities
- **0.5 Micron Filtration** – filters fine particles
- **Reverse Osmosis (RO)** – removes dissolved salts and heavy metals
- **0.2 Micron Filtration** – removes bacteria and microscopic contaminants
- **Ultraviolet (UV) Treatment** – kills bacteria, viruses, and pathogens
- **Ozonisation** – final sterilization for freshness and purity

CLEARON — Your Trusted Source of Safe Drinking Water

- FSSAI License No: 11325005000395

- Manufactured and Packed by AQUAZA, Kottayam, Kerala

Crystal-clear waters

Pure, safe, ready to sip. Packaged drinking water that's clean, crisp, and trusted—every bottle, every time.

SAFE DRINKING WATER FOR ALL

Committed to Quality

On schedule, every time. We produce, seal, and dispatch high-quality drinking water with strict checks at each step, so your bottles arrive fresh and on point.

Store in a cool, dry place away from direct sunlight.
